

A.S.M.E. Storage Vessels

3,900-120,000 wg

Triarc Tank provides solutions for:

Fabricated to A.S.M.E. code,
Section VIII, Division 1
Division 2 design available
Registered with the National Board

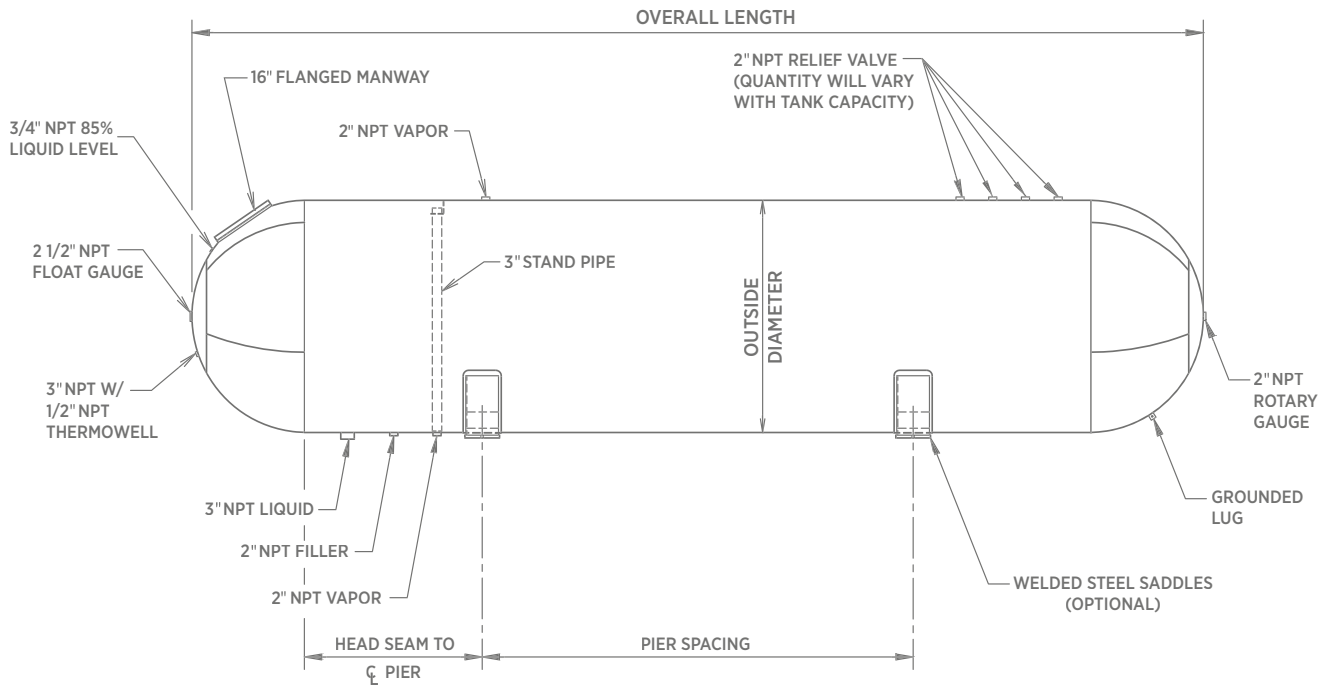

LPG'S (Liquified Petroleum Gases),
NGL'S (Natural Gas Liquids),
Condensate, Propane, Butane,
CO₂, Gaseous Nitrogen,
Anhydrous Ammonia (NH₃), Aqueous
Ammonia, Chlorine,
Refrigerant Gases
and many other gaseous products
